

Advanced Web Traffic Reporting

Any Information You Need, At Your Fingertips

Lightspeed Advanced Web Traffic Reporting provides comprehensive information about activity and user behavior. View a high-level overview of your network traffic, and then drill down for detailed information so you can review problems and troubleshoot issues with reports like:

- All Activity
- Top Blocked Categories, Domains, URLs
- Traffic by Category, Domain, External IP, Internal IP, Protocol
- Search Queries, Top Search Queries, Suspicious Search Queries
- Identification History
- Anything else you can imagine!

From a high-level overview down to the details, see where traffic on your network is going.

Lightspeed Advanced Web Traffic Reporting is available on a Rocket appliance.

MANAGED

Used along with other components in the Lightspeed Suite, Lightspeed Advanced Web Traffic Reporting is delivered on a powerful Lightspeed Rocket appliance with a three-year advance replacement warranty.

“The reports are just awesome. We can see everything that’s going on on the network and determine if there are any areas of concern, with what the kids are doing or just with network traffic in general.”

— Donnie Morrison,
Director of Technology,
Sierra Sands School District
