

Web Filter

Block inappropriate content without blocking learning

Web filtering is a balancing act between blocking inappropriate content, keeping everyone safe and on track, and giving users access to engaging, educational content. With the Lightspeed Web Filter, IT gets CIPA-compliant filtering based on a comprehensive education-specific database and granularly customizable policies; users get access to the sites and tools that enhance education.

With the **Lightspeed Web Filter**, you can:

Protect users from inappropriate material on the Internet while allowing them to access valuable educational resources, such as videos, blogs, and documents.

Ensure CIPA compliance and adherence to other regulations to minimize district liability.

Receive detailed reports on user activity.

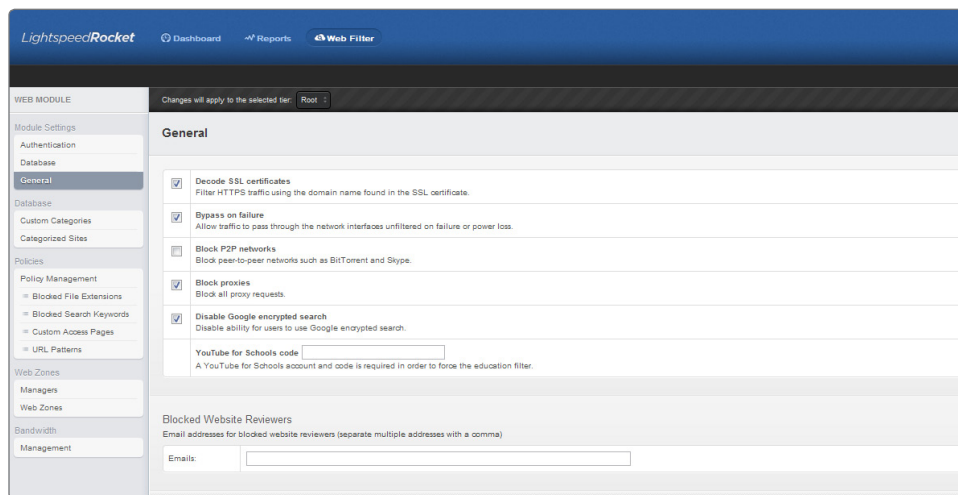

Enforce Acceptable Use Policies with flexible filtering policies and monitoring.

Balance learning and safety with teacher override capabilities and a complete platform for collaboration and online learning.

Prioritize web traffic to ensure access to essential services.

FEATURES

- Comprehensive and accurate URL database with more than 1 billion entries grouped into education-specific categories.
- Daily database updates; immediate updates for urgent categorizations.
- Ability to create different policies based on user, IP, group, organizational unit, and domain.
- Mobile filtering to extend policies and protection to off-network users.
- Web zones to give teachers the ability to expand or contract Internet access for specific assignments, periods, or classes.
- Lockouts to allow administrators to set abuse thresholds triggering an Internet lockout.
- Customizable block pages.
- Multiple layers of anonymous proxy detection.
- Web traffic prioritization and limiting capabilities.
- Flexible filtering for thin clients.
- Peer-to-peer application and file-type blocking.
- Integration with Student Information Systems.
- Safe Search.
- Ability to accommodate even the heaviest traffic loads, up to 10Gb, without hindering performance.
- Educational Resource Library with unfiltered access to educational YouTube videos, web sites, wikis and blogs, documents, and more.
- My Big Campus for safe Web 2.0 and collaboration.

Easily administer your filtering policies and options.

my Big Campus

Keep Students Engaged

My Big Campus is changing the way schools think about filtering, by extending the classroom into an engaging online environment that's integrated with the filter. The dynamic content and collaborative technologies that have been traditionally blocked are now available to safely engage today's student. My Big Campus combines a resource library with a suite of collaboration tools; including groups, walls, blogs, wiki-like functions, messaging, and more—all integrated with your web filtering policies.

Get them together with the Campus Collaboration Bundle!

Web Filter

Comprehensive, Customizable Reporting

The Lightspeed Web Filter provides information on how your filtering policies are being used (and violated) so you can adjust policies and troubleshoot issues.

- Lockouts
- Overrides
- Web Authentications
- Blocked for Review

Review, and if necessary recategorize, sites that have been blocked.

Combine it with the Advanced Web Traffic Reporting module for comprehensive information, custom reports, and more.

“With the Lightspeed Web Filter, we can control the filtering and can give users access to the good educational content they need without allowing access to adult or inappropriate sites.”

— Steven Frey,
Network Administrator,
The School District of Cambridge

The Lightspeed Suite

Choose an all-in-one solution, or customize it to your needs:

- Web Filter
- Mobile Filter
- My Big Campus
- Hosted Email
- Educational Resource Library
- Hosted District Web Site
- Campus Collaboration Bundle
- Email Archiving
- Antivirus
- Spam Filter
- Advanced Web Traffic Reporting
- Power Management

The Lightspeed Web Filter is available as a hosted or on-site solution to best meet your needs.

MANAGED

As a single component or combined with other products in the Lightspeed Suite, the Lightspeed Web Filter is delivered on a powerful Lightspeed Rocket appliance with a three-year advance replacement warranty.

HOSTED

With the Hosted Web Filter, you can enjoy the convenience and cost-savings of a solution in the cloud. (Not all features available with the hosted solution.)

Available as part of the Campus Collaboration Bundle.

About Lightspeed Systems

Since 1999, Lightspeed Systems has been partnering with IT staff in schools—making day-to-day tasks manageable and educational goals reachable. Today, our solutions are used in more than 2,000 school districts, allowing us to help transform education.
